CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1121 Cor. Copy)

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$60,000 from CIP-21-834.0, Balboa Park – Reconstruction Reserve, Job Order 218445, Fund No. 102244, Balboa Park CIP – Transient Occupancy Tax to CIP-21-865.0, Sewer Lateral Replacement for Balboa Park;

CITY MANAGER SUPPORTING INFORMATION:

This request will authorize the transfer of additional funds to CIP-21-865.0, Sewer Lateral Replacement for Balboa Park for the purpose of replacing 11 sewer laterals in the southwest portion of Balboa Park. These laterals were identified via Closed Circuit Televising (CCTV) during Phase I, where 49 sewer laterals were televised as part of a multi-phased plan to replace dilapidated sewer laterals throughout Balboa Park. The CCTV indicated that 15 laterals actually need replacement, and that a new sewer main should be constructed. However, due to lack of sufficient funding, Park & Recreation will proceed with only these 11 lateral replacements. This contract work will be completed through the Park & Recreation Department's General Requirements Contract Program. This request will increase the total CIP budget to \$240,574.

FISCAL IMPACT:

Funds for these transfers are available in CIP-21-340.0, Balboa Park - Reconstruction Reserve, Job Order 218445, Fund No. 102244, Balboa Park CIP (Transient Occupancy Tax).

* ITEM-102: Common Use Agreement with Caltrans for Property Located at Interstate 15 and

Polk Avenue.

(Normal Heights Community Area. District 3.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1115)

Authorizing the City Manager or his duly designated representative to execute a Consent to Common Use Agreement with the State of California, Document No. 29201-1, regarding the shared use of certain property located at Interstate 15 and Polk Avenue.

CITY MANAGER SUPPORTING INFORMATION:

In February 1996, the City of San Diego entered into a Utility Agreement with the State of California, Department of Transportation (Caltrans) for the relocation of water facilities located at the I-15 and Polk Street. Caltrans was constructing a portion of the I-15 freeway which would impact City water facilities within an easement along the 40th Street corridor. As the City had superior and prior rights to the easement, the facilities were relocated at Caltrans expense. Construction of the relocated facilities was complete in 2000.

The new Caltrans highway right-of-way now occupies a portion of the City's easement. The Consent to Common Use Agreement recognizes the City's title to the easement and its prior rights under that easement. Caltrans will be liable for the cost of any future relocation of these water facilities. The City will also have access to these water facilities for all purposes for which the original easement was acquired. Once executed, this Agreement will be recorded with the San Diego County Recorder's office.

FISCAL IMPACT:

None.

* ITEM-103: Negotiation Agreement with Paragon Practice Park LLC, Regarding the Potential Development of a Baseball and Golf Learning Center at the South Chollas Landfill.

(Oak Park and Chollas Lake Community Areas. Districts 4 and 7.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1133)

Authorizing the City Manager to execute an exclusive negotiation agreement with Paragon Practice Park, LLC, regarding the potential development of a baseball and golf learning center at the South Chollas Landfill (Project), under the terms and conditions set forth in the Exclusive Negotiation Agreement;

Authorizing the City Manager to negotiate a development lease agreement with Paragon Practice Park, LLC, for the potential development of the Project;

Authorizing the City Manager to accept the amount of \$10,000 from Paragon Practice Park, LLC, as a non-refundable payment of the Real Estate Assets Department's transaction processing fees for the Project.

CITY MANAGER SUPPORTING INFORMATION:

Paragon Practice Park LLC "Paragon" submitted an unsolicited proposal for recreational development on the South Chollas Landfill. On June 7, 2004, City Council authorized the City Manager to negotiate an Exclusive Negotiating Agreement (ENA) with Paragon for the development of a baseball and golf learning center at South Chollas Landfill based on the "conditions for future development" as outlined in the City Manager's Report 04-088.

Paragon's proposal has strong community support and approval from the Oak Park Community Council and Chollas Lake Recreation Council. Paragon is responsible for obtaining approvals and associated costs from the City's Development Services Department, the Solid Waste Local Enforcement Agency, the Regional Water Quality Control Board, and from other applicable regulatory agencies. This agreement does not affect the right of any of these agencies, including the City, to deny or condition approvals.

If the parties are successful in negotiating a proposed DLA, the proposed DLA will be brought to Council for consideration and approval.

* ITEM-104: First Amendment to Agreement with Luth and Turley, Inc. for Replacement

Construction of the Irving Solomon Activity Center.

(San Ysidro Community Area. District 8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1111)

Authorizing the City Manager to execute, for and on behalf of the City of San Diego, a Fifth Amendment to Agreement with Luth and Turley, Inc., for the purpose of replacement construction of the Irving Solomon Activity Center, in the amount of \$589,210, under the terms and conditions set forth in the Agreement;

Authorizing the expenditure of an amount not to exceed \$589,210 from the following sources: Fund No. 10155, Dept. No. 10155, OA No. 4222, and JO No. 010155, San Ysidro Community Center (\$79,123); Fund No. 10220, TOT, Dept. No. 924, Org No. 3013, OA No. 4222, and JO No. 003013 (\$124,385); Fund No. 100, P&R/Community Parks II, Dept. No. 444, Org. No. 2003, OA No. 4222, and JO No. 447223 (\$24,987); and Fund No. 81140, Public Liability Reserve, Dept. No. 81140, OA No. 4222, and JO No. 082240 (\$360,715), for the purpose of executing this Fifth Amendment to Agreement.

CITY MANAGER SUPPORTING INFORMATION:

On February 17, 2002, an arson fire caused considerable damage to the San Ysidro Community Center, more particularly described as the Irving Solomon Activity Center, at 179 Diza Road, San Diego, California. The City of San Diego filed a claim with CSAC-Excess Insurance Agency, with which the City has a fire insurance policy. During the negotiations, it was agreed that the City would enter into an agreement with the insurance carrier's low bid contractor for repairs in the amount of \$741,548. In addition, during the investigation of the fire damage it was discovered that water damage existed on the walls in the part of the building that was not burned. As the work progressed, it was discovered that additional funding for repair of other pre-existing conditions was needed. The building could not be completed by the fire insurance contract without City contributions for these pre-existing conditions. Therefore, the City entered into three increases (1st, 3rd, and 4th amendments) to the original contract totaling \$148,384 for such.

RESOLUTIONS: (Continued)

* ITEM-104: (Continued)

<u>CITY MANAGER SUPPORTING INFORMATION:</u> (Continued)

The second amendment to the agreement provided for adjustments in the scope of work to bring the building into Americans with Disabilities Act (ADA) and California Building Code Compliance. No increase to the agreement was requested at the time of second amendment because the City needed authorization from the insurance companies to increase the original contract. This action proposes a fifth amendment to the agreement to provide funding for the increased scope of work needed to meet regulatory compliance and security due to repeated vandalism at the site.

FISCAL IMPACT:

Funding for this action is available from the following sources: the Public Liability Reserve (Fund No. 10155) in the amount of \$360,715; San Ysidro Community Center (Fund No. 10155) in the amount of \$79,123; Transient Occupancy Tax (Fund No. 10220) in the amount of \$124,385. Funding in the amount of \$64,005 from San Ysidro Community Center Fund (\$39,018) and Park and Recreation Department/Community Parks II Division (\$24,987) has already been expended. The total cost of the replacement construction (\$1,479,142) is reimbursable through the City's fire insurance policy (\$1,181,373) excluding the following items: insurance deductible (\$25,000); security (\$124,385) and repair of non-fire related damage (\$148,384).

* ITEM-105: Grant Application to Department of Homeland Security Federal Emergency

Management Agency (FEMA) for Assistance to Firefighters Communication

Interoperability.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1130)

Authorizing the City Manager to approve the application to the Department of Homeland Security-Federal Emergency Management Agency (FEMA) U.S. Fire Administration for a grant in the amount of \$684,213 from the Assistance to Firefighters Grant Program for a communications interoperability program;

Authorizing the City Manager to take all necessary actions to secure grant funding and enter into an agreement for this project;

Authorizing the City Auditor and Comptroller to accept, appropriate and expend funds if grant is awarded;

Authorizing the City Auditor and Comptroller to establish a special fund for this grant;

Declaring that the City of San Diego has or will have available, prior to start of this program, the required grant match, contingent upon the approval of the FY2006 budget and the issuance of an Auditor's Certificate in the required amount.

CITY MANAGER SUPPORTING INFORMATION:

The U.S. Fire Administration manages the Assistance to Firefighters Grant Program for the Department of Homeland Security, Federal Emergency Management Agency (FEMA). The intent of this program is the provision of grant funding to local fire departments for the protection of the health and safety of the public and firefighting personnel from fire and fire related hazards.

Large scale emergency incidents such as the Cedar Fire require multi-disciplinary and multi-agency cooperation and communication for effective and safe response. The absence of interoperable communications equipment is a major obstacle to achieving this goal.

RESOLUTIONS: (Continued)

* ITEM-105: (Continued)

<u>CITY MANAGER SUPPORTING INFORMATION:</u> (Continued)

San Diego Fire-Rescue Department requests approval for its application for grant funding to be applied to the acquisition, staffing and operation of two regional emergency communications interoperability trailers. Replacing a currently outmoded 15 year old mobile communications vehicle and technology, the proposed program will position and equip two communications trailers such that communication throughout the county would be maintained even in a worst case emergency scenario. During a small scale incident, the trailers would act as self-contained command/control centers, capable of coordinating voice and data communication within the city. For large scale incidents or those which overlap into multiple jurisdictions, the equipment would be compatible with that of other existing communications vehicles within San Diego County.

FISCAL IMPACT:

The total cost of this program is estimated at \$855,266. If the grant is awarded, the City of San Diego will receive \$684,213 from the Department of Homeland Security, FEMA. Matching funds in the amount of \$171,053 will be provided by the City, upon finalization of the FY2006 Fire-Rescue Department budget.

* ITEM-106: Grant Application to U.S. Department of Justice, Office of Justice Programs,

Bureau of Justice Assistance (BJA) for Community Prosecution Projects in the

Beach Area.

CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1166)

Authorizing the City Attorney to apply for, accept, and expend, if grant funding is secured, a grant of \$200,000 from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance (BJA), for conduct of community prosecution projects in the Pacific Beach, Mission Beach, and Mission Bay Park communities, collectively known as the Beach Area of San Diego, as described in the Grant Application.

SUPPORTING INFORMATION:

The City Attorney's Office has applied for \$200,000 grant from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance (BJA). This grant covers the two year time frame of October 3, 2005 through October 2, 2007.

This community-based problem-solving criminal justice initiative involves the planning and implementation of a community court to serve the Pacific Beach, Mission Beach, and Mission Bay Park communities, known as the Beach Area, in the City of San Diego. The lead agency is the San Diego City Attorney's Office, working in partnership with the San Diego Police Department, San Diego Superior Court, other criminal justice agencies, and community-based organizations.

The proposed Beach Area Community Court will be a prosecutorial diversion program for adult offenders who commit misdemeanors and infractions, especially low-level alcohol-related offenses, that impact quality of life. Eligible offenders who choose to participate will be diverted from the San Diego Superior Court. They will be held accountable to the community by attending a community impact panel and performing community work service. They will also participate in a brief substance abuse screening tool and obtain referrals to educational and rehabilitative programs to curb future criminal conduct, with compliance closely monitored. Community members will serve on an Advisory Board, overseeing the Court's development and implementation.
